

REQUEST FOR PROPOSAL

BREAK THE CYCLE SUMMER PROGRAM
IMPROVING LIVES. BUILDING FUTURES.

FOOD & BEVERAGE

OVERVIEW

Break the Cycle is a spirited and innovative urban cycling group comprised of both budding and experienced cyclists who are committed to “pedaling for a purpose.” Under the leadership of gregarious and outspoken visionary Maurice Hanks, this group of talented riders have successfully cultivated a culture of fitness through novice, intermediate, and competitive riding, while championing impactful causes ranging from the eradication of gun violence and child sex trafficking to health initiatives plaguing communities of color - such as breast cancer and lupus awareness. These riders represent the diversity and spirit of the South Florida community, pedaling to the undeniable beat of their own drum.

Because many of its causes are intimately tied with the youth, Break The Cycle, with the assistance of vital community partners which include: the Center for Black Innovation, Miami Urban Contemporary Experience, Dibia Dream, and Junior Achievement, sought out to help mold the future of Miami-Dade County by pioneering a summer program, Break The Cycle: Improving Lives Building Futures, which is centered around a holistic view and approach to the introduction of the sport of cycling to local youth, while providing a framework for vital life skills and mindfulness techniques, with the goal of “breaking” the catastrophic cycles of gun violence, low graduation rates, high unemployment, and teen pregnancy in the Black community.

PROGRAM GOALS

For the past two summers, the Break the Cycle Summer program has utilized one vendor to provide delicious and nutritious meals to the summer program staff and participants. In an effort to extend our reach in the community and to provide a variety of healthy meal and snack options from local businesses within the community, we are seeking additional vendors to support our vision.

SCOPE OF SERVICES

The vendor would be expected to provide healthy meal options for 110 kids and 20 adults Monday through Friday for one week from June 19 - July 28 for breakfast, lunch and a snack, daily. Both meals, breakfast and lunch, would need to be delivered to the program site at Miami-Dade College North Campus daily, with breakfast being delivered by 7 AM and lunch by 11:30 AM. If included, the snack options for 110 kids should also be provided daily and should be something that can be left with the staff and easily transported to the classroom or other location.

The project proposal should include a sample menu for one week and the cost for daily delivery and for the meals including drinks and snacks. Please submit a project proposal as soon as possible, but no later than Wednesday, May 31st via email to breakthecyclesummerprogram@gmail.com.
